

ORGOL EC

ORGOL EC is a solvent free, Nonyl phenol and APEO free Fatty Alcohol Based degreasing agent, for Hides & Skins with high fat content.

Aspect	: Clear slightly yellow liquid
Basis	: Bio-degradable, solvent free surfactants
pH	: In 10% aqueous solution, 6.5 – 8.5
Charge	: Nonionic
Concentration	: 40 ± 1%
Stability	: Excellent to acids, alkalis, Not to use in Chrome tanning
Solubility	: Good in cold and warm water

PROPERTIES

- **ORGOL EC** is efficient for use on delimed and bated pelts, pickled pelts and on chrome tanned leathers.
- **ORGOL EC** has got good leveling effect on tanning and dyeing.
- **ORGOL EC** is a moderate degreasing agent, which if coupled with Orgol FAC can help to extract natural fats & Oils from delimed, bated and pickled pelts.
- **ORGOL EC** can also be used along with fatliquors to improve penetration

APPLICATIONS

ORGOL EC gives the best result when used in drum with lesser float. Results are even better after fleshing, deliming and bating process. Pickled pelts should be treated with **ORGOL EC** but washing should be made with brine (6 - 8 °Be) at to avoid acid swelling.

The degreasing of wet blue leather can be carried out with **ORGOL EC** before, during or after neutralization.

Wool sheep	: 2 – 4%	ORGOL EC
Pickled lambs	: 3 – 5%	ORGOL EC
Pickled sheep	: 3 – 7%	ORGOL EC
Goat skins	: 1 – 3%	ORGOL EC
Wet blue hides/skins	: 0.5– 2%	ORGOL EC

The dissolved and emulsified fat is removed by washing in 200-300%

ORGOL EC

water at 35 °C. For the penetration of Fatliquors 0.25– 0.5 % along with the total weight of fat liquors

SHELF LIFE

If **ORGOL EC** is stored between 5 and 40°C, the product has a shelf life of one year. Special care should be taken to close the drums after use.
