

ORG TAN AB

Phenol condensation product, which imparts excellent light fastness to leather.

Aspect	: White powder
Basis	: Phenol condensation product
Moisture content	: 6.0% Max.
pH	: In 10% aqueous solution, 3.0 – 4.0
Solubility	: Excellent
Light fastness	: Good

PROPERTIES

ORG TAN AB

- Can perform better, where there is very high water hardness.
- Can be used mainly in the production of white and light fast leather.
- Has got very good self tanning power hence, so can be recommended for in the production of Chrome free or wet white tanned Leather.
- Enhances uniform dyeing for pastel shades with good light
- In combination of vegetable extracts improves penetration of tanning with a clear colour and elastic grain and it dissolves easily and thus no sludge formation is found.
- Improves buffing property.

APPLICATIONS

Upper	: 3.0 – 8.0% ORG TAN AB on shaved wt.
Garment	: 2.0 – 4.0% ORG TAN AB on shaved wt.
Wet white tanning	: 3.0 – 5.0% ORG TAN AB on pelt wt.

SHELF LIFE

In cool & dry condition it can be stored for more than 2 years, but when kept in humid and elevated temperatures some caking may be observed.

Technical suggestions without any obligation.
