Madras Export Processing Zone (MEPZ) was established in 1984 and was classified as a Special Economic Zone (SEZ) in 2003. Tamil Nadu has over 41 SEZs, with a total of 268 in India. Despite the pandemic, over 610 industrial enterprises operate from SEZs in Tamil Nadu, exporting Rs 1 lakh crore over the last four fiscal years.

GG Organics is a leading manufacturer of sustainable beam house, wet-end, and finishing chemicals for leather processing and pre-treatment, dye bath auxiliaries, synthetic fibres & blends, post-treatment enzymes, speciality chemicals, and fabric softeners for the textile industry. In 2011, they established a production operation in MEPZ, Chennai, solely for exports. They have a remarkable track record of growth in both the domestic and foreign markets. GG Organics has a global presence across the countries through chemical industry partners

GG Organics appreciates its customers, dealers, suppliers, and team members for making this possible and looks forward to continuing its success for many years to come!
